# FOODSERVICE GAS EQUIPMENT CATALOG

**T**he FOODSERVICE GAS EQUIPMENT CATALOG is the most comprehensive, relied upon source for up-to-date information on gas equipment in the foodservice industry. Within these pages, the foodservice equipment buyer, consultant, or specifier will find the kind of energy-, time- and labor-saving equipment needed to make foodservice operations more profitable in this increasingly competitive business.

This 32nd Edition contains over 100 leading manufacturers showcasing more than 600 models of gas equipment complete with photos and specifications. This enables you to match the specific needs of your foodservice operation with the safe, dependable gas equipment solutions available today.

The Catalog is published once every two years in order to include the latest equipment introduced at the biennial NAFEM show. New and improved models from virtually every leading gas equipment manufacturer have been added to each category in this edition. Furthermore, new or expanded categories such as Catering Equipment, Display Cooking Equipment, Rotisseries, Combination Ovens, Gas Patio Heaters and Torches and Specialty Equipment reflect innovative gas technologies and creative new directions in foodservice.

For more information on the equipment in this Catalog, contact these leading manufacturers. Their addresses, phone and fax numbers as well as e-mail addresses and Web sites are listed in the *Directory of Manufacturers* beginning on page 12.

**Be sure to mention the 32nd Edition FOODSERVICE GAS EQUIPMENT CATALOG and the page number on which the model appears for quick reference.**

# Clean-burning natural gas ... one more way to help the planet

Natural gas can significantly contribute to a greener environment by reducing pollution, minimizing our use of natural resources, and maintaining a clean and healthy environment. Using natural gas food service equipment in place of electric equipment can save you energy and money and make your kitchen more environmentally friendly.

# We're Cooking with Gas – and it's EASY!

We've been making the **best kettles** for over a hundred years, we were the first to introduce **braising pans** to the US, we make the easiest-to-use **combination ovens** available, and now we've added the most reliable **boilerless steamer** on the market — the **Intek**. In fact, Groen Intek Steamers are the **most efficient, highest performing, highest capacity, ENERGY STAR®** rated models available – and yes, that includes the gas unit.\*

**THINK GROEN. THINK EASY.**

**EASY TO USE.  
EASY TO INSTALL.  
EASY TO MAINTAIN.  
EASY TO COOK WITH.  
AND EASY ON YOU!**
